TERMS AND DIRECTIONS FOR ORDERING

Prices Subject to Change Without Notice

Terms: Cash with order or one-fourth cash and balance C. O. D. or before shipment.

Shipping: We ship by freight and express over the Erie, Penn. and B. & O. Railroads which connect with lines to any point in the U. S. We also have truck lines running in all directions. If your shipping point has no agent please add to your remittance to cover freight charges, as it is necessary to prepay to such points.

Parcel Post: We consider parcel post the best way to send all small shipments unless they contain something which cannot be sent through the mails, such as poison spray materials. Parcel Post is delivered right to your mail box.

Errors: Please notify us at once on receipt of goods of any errors, and they will be cheerfully corrected. No claims for errors will be allowed unless made promptly.

Substitutes: We reserve the right to substitute a variety as near like the one ordered as possible, in case we become sold out of the one ordered, unless the order is marked "No Substitute."

We Guarantee safe arrival by parcel post and will supply the necessary documents so that our customers may put in claims against the carrier for any damage or loss of shipments made by express or freight.

We Guarantee our seeds to grow under favorable circumstances. Since there are so many conditions upon which the crop depends, we give no warranty, expressed or implied, as to description, quality, or productiveness of any seeds, bulbs, plants or trees we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned and the money paid will be refunded cheerfully. Should any seeds, plants or trees sold by us prove untrue to name, we will, upon proper proof, refill the order or refund the money paid for them. In no case shall we be liable for any sum greater than that originally received for the seeds that proved untrue.

Should you have occasion to enter a complaint, give date of planting, condition of soil and weather, amount and variety ordered, number of order, stock number appearing on the package and amount paid for same.

Ford's Sound Vegetable Seed

Are Tested and of Strong Vitality

We supply our customers with the same high quality of seed that we like to plant ourselves. We know that it pays best to plant only the best seeds.

Ford's Sound Seeds are sound in every way, as near as it is humanly possible to have them. They are grown in locations where we know they will attain the highest degree of perfection.

Substitution. If the variety ordered cannot be supplied we will substitute one as near like it as possible unless the order is marked "No Substitute." If it is so marked we will refund money for the item which we cannot supply.

WE LIMIT OUR LIST OF VARIETIES to THE VERY BEST

Hotkaps

Protect plants from frost and insects, keep the soil soft and moist, hasten maturity.

They are made of specially prepared waxed paper which admits light. They are cone shape, measuring 11 inches in diameter at the base. When placed over the plants and held firmly in place by the soil around them, they become miniature hot-houses.

25 Hotkaps nested in Cardboard Setter, 75c; 100 Hotkaps, 1 Garden Setter, 1 Tamper, \$3.00

250 Hotkaps, 1 Garden Setter, 1 Tamper, \$4.50
1000 Hotkaps without Setter or Tamper, \$11.75

The 100 and 250 packages contain a light metal setter.

Ford's Sound Grass Seed

We sell all Grass and Clover Seeds on a small margin of profit and handle none but the highest grades. The analysis of these will be found to be high in all cases. **As prices fluctuate we reserve the right to change our prices.** But will give all the seed we can for money sent us at the prevailing price. Ask for prices on larger quantities than quoted in this list.

FORD'S FANCY LAWN GRASS MIXTURE

**MADE FROM HIGH GRADES OF SEEDS ONLY
PRODUCES VELVETY GREEN LAWNS**

This is our popular and reliable mixture for producing a thick, permanent green turf. None but high grades of seed are put into it.

The grasses which go to make up this mixture are selected with the idea of making a quick and at the same time a permanent tough sod. Our sales of this seed have been enormous and our customers have been universally satisfied with it.

To make a good lawn the soil should be made comparatively rich and raked till it is perfectly smooth. Sow the seed at the rate of one pound to 300 square feet, using a lawn roller after sowing the seed. For fertilizing Milorganite or Pulverized Sheep Manure, are suitable. These you will find quoted elsewhere in this catalog.

The best times to sow lawn grass seed are from March 1 to June 1 and Sept. 1 to October 15. If you want a real good lawn sow **FORD'S FANCY LAWN GRASS MIXTURE.** Pkt. 10c, lb. 55c, 2 lbs. \$1.00, 5 lbs. \$2.25, 10 lbs. \$4.00.

SHADY NOOK LAWN GRASS

A mixture of grasses especially adapted for shady places. This is made from extra choice grades of seed that should please any one. Pkt. 10c, lb. 60c, 2 lbs. \$1.15, 5 lbs. \$2.75, 10 lbs. \$5.25.

'BLACK LEAF 40'

WORKS WHILE THEY ROOST

"BLACK LEAF 40" was the first Brand of Nicotine Sulphate containing 40% of Nicotine, ever placed on the market. It has been subjected to the most rigid tests for efficiency, by authorities of international reputation. It was the product used in the original spraying and stock dipping tests and in demonstrations by which the status of highly concentrated nicotine sulphate as an insecticide was established. "Black Leaf 40" is permitted by the U. S. Department of Agriculture in official dipping of sheep and cattle for scabies. It is approved by Federal and State Experiment Stations and by leading growers, for spraying purposes. "Black Leaf 40" has by far the largest sale of any brand of nicotine sulphate in the world. It is sure death to all kinds of Aphids, Pear Psylla, Thrip, Leaf Hopper, Red Bug and other insects. It may be used in combination with other spray materials.

FOR KILLING HEN LICE and mites it has proven a complete success. Just paint it on the roosts. The fumes kill the lice on the birds. A very simple remedy. Special pamphlet on its use mailed on request. 1-oz. bottle 40c; 5-oz. pkg. \$1.10.

PATRONS:

We on the home front have a serious responsibility. We must feed our Armed Forces, help our Allies, feed the Home Front, and have a surplus for emergency.

Some Vegetable Seed supplies are short this season, so it would be wise to place your order early. We may be sold out of some of the varieties you order, but if you will allow us to send you one equally as good or better, we believe that we will be able to take care of your orders.

We may not be able to give you prompt service, but will do everything possible in that line.

We thank you for the splendid business you have given us.

Sincerely yours,

ERNEST M. JONES, Mgr.
